HARD WHITE
Wheat Varieties

Join the CWRFA Ardent Mills
Ultragrain® Premium Program

Whole grain nutrition with white flour appeal

Eligible PlainsGold Varieties

There are two PlainsGold hard white winter wheat varieties eligible for the program: PlainsGold Snowmass and PlainsGold Thunder CL. Both varieties combine excellent milling and baking qualities with good yields, stress tolerance, test weight and disease resistance.

Take a closer look at each of these varieties to select the best fit for your operation.

PlainsGold Snowmass

Snowmass combines good dryland yields with good test weights, excellent resistance to wheat streak mosaic virus, medium-tall plant stature for increased crop residue cover, and superior milling and baking quality characteristics.

Premium Pricing

Base premium: \$0.65 per bushel

Protein premium: \$0.20 per bushel for wheat with protein levels at or above 13%

Seed Rebate: \$3.00 per bushel seed rebate on certified seed purchases

PlainsGold Thunder CL

Thunder CL is a single-gene Clearfield® hard white winter wheat variety that is tolerant to Beyond™ herbicide for broad-spectrum weed control, including problematic winter annual grassy weeds. In addition, Thunder CL combines good yields, good stress tolerance, good disease resistance, good test weights and superior milling and baking qualities. Thunder CL is also an excellent irrigated wheat variety.

Premium Pricing

Base premium: \$0.40 per bushel

Protein premium: \$0.20 per bushel for wheat with protein levels at or above 13%

PlainsGold Seed Growers

Purchase PlainsGold Snowmass or PlainsGold Thunder CL certified seed from these PlainsGold seed growers and you'll also be eligible for premium pricing at harvest!

Certified seed is a requirement for the program to ensure a high-quality end product. The following PlainsGold seed growers will have certified seed for Snowmass and Thunder CL varieties available this fall!

BONUS: Farmers purchasing Snowmass will earn an additional \$3 per bushel rebate on certified seed purchases — to be paid after next year's harvest.

Location	Seed Grower	Phone	Varieties
Akron	Pachner Agri-Enterprises	(970) 554-0645	Snowmass

Your local PlainsGold seed grower will help you enroll in the CWRP Ardent Mills Ultragrain® Premium program.

Collect Premium Prices at Harvest

PlainsGold Snowmass and PlainsGold Thunder CL both have a reliable track record and good yield history. Combine this with premium pricing and you're sure to make a good investment.

The premium-pricing schedule was redesigned last year to make the program easy to understand!

Variety	Base Premium	Additional Protein Premium (wheat at or above 13% protein)	Seed Rebate
PlainsGold Snowmass	\$0.65/ bushel	\$0.20/bushel	\$3/bushel
PlainsGold Thunder CL	\$0.40/bushel	\$0.20/bushel	—

About CWRF The Colorado Wheat Research Foundation (CWRF) and Ardent Mills offer this remarkable program for wheat farmers in the region growing eligible hard white winter wheat varieties, which are increasingly in demand.

Joining the CWRF Ardent Mills Ultragrain® Premium Program is easy and it provides premium pricing for popular PlainsGold hard white winter wheat varieties.

Opening New Markets

Consumers are choosing whole-wheat products made from hard white wheat to get the healthy benefits of whole grains with a milder flavor, which appeals to many accustomed to the taste of refined flour.

Now High Plains farmers have more options to compete in this growing marketplace while getting premium prices for their wheat crop. You can earn up to 85 cents more per bushel when you grow PlainsGold hard white winter wheat varieties through the CWRF Ardent Mills Ultragrain® Premium Program.

Nourishing what's next.
