FEATURES & BENEFITS

Snowmass has been the flagship hard white wheat of PlainsGold since 2009, providing the base for the CWRP/Ardent Mills Ultragrain®

Premium Program due to its unique end-use quality. Snowmass combines good dryland yields and good test weight with good milling and excellent baking characteristics, as well as Wheat Streak resistance from the *Wsm2* gene. Certified Seed Only, no saved seed allowed.

CERTIFIED SEED ONLY

Snowmass is a Certified Seed Only variety. By purchasing seed, grower agrees to use seed of the variety only for the production of a commercial grain or forage crop. Using certified seed every season ensures the best stewardship, end use functionality, and opportunity to maximize yield potential of the variety. Resale of this seed, or supply of saved seed derived from this seed, to anyone including purchaser for planting is prohibited.
