

SNOWMASS™ 2.0

PEDIGREE ▶ CO07W22-F5 / SNOWMASS // BRAWLCL PLUS

HARD WHITE

Released in 2018, Snowmass™ 2.0 is the next generation of the CWRF/Ardent Mills UltraGrain® Premium Program. With its leading yield potential under dryland and irrigated environments, Snowmass™ 2.0 should pay dividends when managed correctly. It is included in the CWRF/Ardent Mills UltraGrain® Premium Program, providing premiums above HRWW based on protein. To ensure you get the maximum premium and ROI, manage fertility and crop health to capitalize on environments favorable for higher protein. PVP Protected, Certified Seed Only, no saved seed allowed.

CHARACTERISTICS
